Safe & Sanitized

A Disinfection Guide for Library Materials

Quarantine
For 3 days, in normal environments, not stacked or shelved
- Hardback Books (with or without Mylar® jackets)
- Softback Books

Quarantine
For 4 days, in normal environments, either stacked or shelved
- Board Books
- Braille Papers
- Glossy Pages
- Folders and Posters

Quarantine
For 5 days, in normal environments, either stacked or shelved
- Storage bags (flexible plastic)
- Disc Cases

Sanitize
Disinfect with EPA-approved sanitation and cleaning products or alcohol wipes
- Technology
- Furniture
- Office Supplies (other than folders and posters)

Notes
CDC recommends hand sanitizers with a minimum of 60% alcohol and sanitation wipes with a minimum of 70% alcohol. The EPA recommends sanitation products on “List N” to combat COVID-19 germs.
